## Great Wood Camp

October 2022

As a fundamental part of your daughter's induction into Hayesfield Girls' School, we organise a residential experience for all our Year 7 students. The Year 7 Camp has been running for many years and is one of the crucial elements of celebrating a successful transition from primary to secondary school. We are planning for this trip to happen again this year and will be following all government guidance as needed. The residential dates are expected to be from Monday the 18th - Friday 22nd of October. You will receive further details in due course.

We are looking forward to each tutor group spending two full days and one night at the Great Wood Residential Centre near Bridgwater in Somerset. Your daughter will stay in a lovely en-suite log cabin and do a variety of activities with a team building and group-bonding theme. Activities include low rope challenges, shelter building, archery and night challenges. The exact dates when your daughter will be attending this camp with her tutor group will be announced in September.

The total cost of the trip will be £140, which includes transport, accommodation, insurance, food and all activities. To secure a place on this trip, please complete the online Great Wood Residential Form that we will email to you. Payment should be made in two instalments via Parentpay – instalment 1 of £70.00 by 10 Sep 2022 and instalment 2 of £70.00 by 01 Oct 2022. A detailed kit list and further information will be issued in September.

Great Wood Camp is great for all our students in Year 7, and we expect all students to attend. Your daughter will be able to celebrate her first few weeks at secondary school and continue to develop a positive relationship with other members of her Tutor Group. This time away from home will create great memories and lay the foundations for her time at Hayesfield.

# Parents' Handbook 2022

An information booklet produced for prospective and new parents to the school.

This was designed as a collaborative project with all faculties supplying key information that students and parents require to be a part of the school community. I also worked with the school photography team to commission the photography. Here are just a few sample pages.

## Who am I? - Transition Project

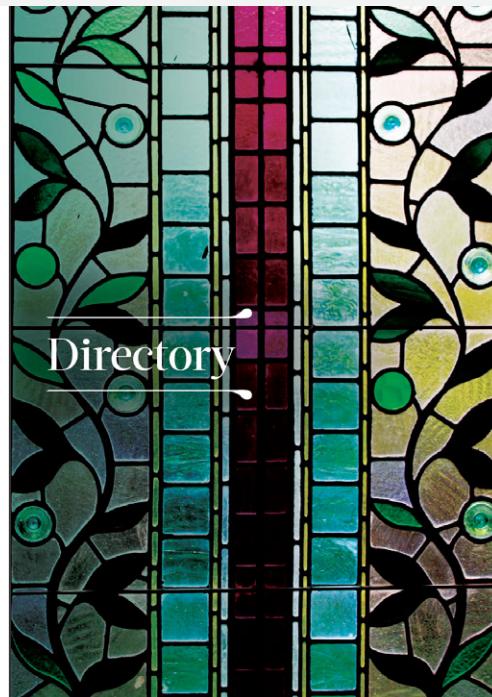

'Who am I?' is the Hayesfield Transition Project that supports the move from primary to secondary education. Your daughter will receive her booklets to complete at the end of the Induction Day in July. The project focusses on her identity and enables us to get to know her better. The project should be started straight away and completed throughout the summer.

In Term 1 the Hayesfield curriculum supports the 'Who am I?' theme. Lessons develop skills needed for a smooth and successful start to secondary education. In November students, parents and staff have a celebration event, to showcase the work they have completed on the projects.

### Uniform Guidelines

Our uniform was designed by students on the School Council and is an example of student voice at its best! We expect our students to wear their uniform with pride and to present themselves smartly every day.

Students must wear their blazer at all times – this includes to and from School and moving around the School. Staff will give permission to remove the blazer in lessons when appropriate. If students require extra warmth then the Hayesfield jumper is to be worn as an extra layer.

Please contact your daughter's Tutor if there are any problems or confusion with uniform. We keep a small stock of clean and often new uniform, including shoes, in School. Please be aware that any student arriving at School dressed incorrectly is expected to change into uniform from our stock.

### Travelling to School

At Hayesfield, we would like as many of our students as possible to walk for part or the whole of their journey to School. We also encourage safe cycling to School and students can leave their bikes locked in the racks provided on both campuses.

There is no parking on School premises for you to drop off or collect your daughter. There is limited street parking outside both campuses and please respect the resident parking and no parking zones.

In particular, you must not drop off or pick up in the zigzag area as the safety of our students is paramount.

Our School is well served by local bus routes and there is also a dedicated bus for students travelling from the Bristol area. For more detailed information, please see the Transport page of our website [www.hayesfield.com/index.php/information/transport/](http://www.hayesfield.com/index.php/information/transport/)

Tickets can be purchased from the driver on the bus.

#### Park & Stride

As part of our efforts to create a safer environment for our students, staff and parents we are actively encouraging parents to consider where they drop their children off in the mornings and where they collect them in the afternoons. Some parents stop outside the school buildings and cause a significant hazard for all road users and pedestrians. Please ensure you drop your daughter at a safer place and allow her to walk or cycle home to the school buildings. We encourage all parents to use the former Hornbeam Park – a drop-off point which allows their daughters the chance to Park & Stride using the crossing point at the junction of Lower Bristol Road and Birmingham Hayes. Please help us to make the environment safer for everyone.

Postcards and a Headteacher stamp designed for Hayesfield Girls' School

Each card represents a school 'house' and uses the colour and inspirational figure of each. These are given to students who demonstrate positive behaviour both in and out of school and are posted through the school's internal mail. The school have purchased an original Royal Mail postbox and painted it 'Hayesfield' purple to match the school brand.

# Waterloo200

200 Objects from the Battle of Waterloo to celebrate the bicentenary of the great battle.

A website designed in association with thirty8digital, commissioned by a consortium including the National Army Museum and Culture 24.

The purpose of the website was to showcase 200 Objects, each chosen for its significance to provide a unique insight into the Battle of Waterloo.

After initial meetings with the client and team, a set of wireframes was created to establish the structure, functionality and content required for the site. Working at this level enabled us to establish how the site would work and to adjust the design quickly to best meet the client and user needs.

On approval of the structure, concept visuals were presented to the client to establish the look and feel of the project.

Components were designed as interchangeable modules from which a pattern library and style guide was generated.

I was responsible for the design and my partner the initial HTML development. thirty8digital then used this to create a content managed WordPress site with some clever custom plug-ins.

Ali vero nos et accusamus et qui blandis praesentum volupsum delecto atque.

French citizens changed the world for ever when they first overthrew, then executed, the King Louis XVI. The monarchies of Europe invaded France, trying to crush the young French Republic before its "dangerous" ideas of egalitarianism and liberty could spread.

The Revolutionary Wars began, with huge French levies filled by mass conscription and driven by radical fervour winning astonishing victories against the invaders.

Fraternity and republicanism quickly turned to paranoia and tyranny. Suspicious of traitors and foreign spies, the new French Republic turned inward, killing 40,000 people in 4 years of "Terror". Aristocrats, priests, and unlucky revolutionaries were executed by guillotine, while French armies ravaged Belgium, Italy, and rebellious parts of France. Chaos was spreading across Europe.

# Waterloo200

I was commissioned to design a leaflet and bookmark for Waterloo200 by the Waterloo200 Committee and Culture24.

This was to follow the styling of the Waterloo200 website.

**Duke of Wellington's Waterloo Sword**

This is the sword carried at the battle of Waterloo by the Duke of Wellington, supreme commander of the Anglo-Dutch army. Although beautifully made, it is not an ornamental item, but a dangerous weapon, a version of the British light cavalry sabre.
